

SCIENTIFIC CONVENING

July 26-27, 2019

Newport, Rhode Island

Hope Funds for Cancer Research

THE CONVENING

There has been tremendous progress in understanding cellular defects and underlying causes of cancer; genetics, epigenetics, cellular mechanisms to sustain growth, and the ability to disseminate. As a result, new and exciting targeted cancer therapies have been developed. These therapies have already made meaningful improvements in patient treatment and care. The aim of the Hope Funds for Cancer Research Scientific Convening is not only to highlight recent exciting advances, but to lay the groundwork for new advances in this field by bringing the best minds in cancer research to facilitate the next golden-age of discoveries and treatments.

ORGANIZED BY:

Hope Funds for Cancer Research: Advancing Innovative Research in Understudied Cancers

SCIENTIFIC CONVENING

July 26-27, 2019

Newport, Rhode Island

Hope Funds for Cancer Research

SPONSORSHIP AND UNDERWRITING OPPORTUNITIES

- cancer cell signaling and transcription
- computational biology
- RNA, RNAi, mRNA and micro-RNA
- metastasis
- translation
- precision medicine
- gene editing

The Hope Funds for Cancer Research is a non-profit organization (509 (a)(1) charity under 501(c)(3) of the Internal Revenue Service's code) that was formed in 2006 by individuals with experience in oncology, intellectual property law, investment banking, philanthropy, sociology, and the arts to fund to the most interesting and promising academic research addressing the most difficult-to-treat cancers. Hope Funds for Cancer Research provides fellowships to postdoctoral scientists who propose to work on highly innovative research projects that challenge the traditional paradigms of understanding the causes, mechanisms, progression, disease markers or risk factors of the most difficult-to-treat cancers, including (but not limited to) pancreatic, lung, liver, sarcomas, esophageal, brain, gastric, bone and ovarian cancers; and rare leukemias, lymphomas and MDS. Proceeds from all Hope Funds for Cancer Research activities, including this convening, support our research Fellows.

SPONSORSHIP AND UNDERWRITING INFORMATION

The global network of scientists in academia, business and government is being targeted to generate a highly qualified audience from the life sciences community. Our sponsors and underwriters have the opportunity to network face-to-face with some of the leading names in the field and to build brand awareness and partnerships with international delegates.

USE YOUR PRESENCE TO:

- Increase brand awareness via both onsite and pre-event exposure
- Enhance relationships within the life sciences community and form new ones
- Provide the possibility of forming new alliances
- Elevate your organization profile in the life sciences community
- Increase visibility in focused markets
- Communicate your message to a highly qualified scientific community
