INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Hope Funds for Cancer Research
Newport, Rhode Island

We have audited the accompanying statements of financial position of Hope Funds for Cancer Research (the Hope Funds) as of December 31, 2010 and 2009, and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Hope Fund's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Hope Funds for Cancer Research as of December 31, 2010 and 2009, and the changes in its net assets and its cash flows for the years then ended, in conformity with generally accepted accounting principles in the United States of America.

HOPE FUNDS FOR CANCER RESEARCH
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

NATURE OF OPERATIONS

Hope Funds for Cancer Research (the Hope Funds), a non-profit corporation, was organized under the General Laws of the State of Rhode Island on October 5, 2006 for the purpose of encouraging investigation of innovative cancer treatment, prevention and detection and to increase knowledge relating to cancer care, especially for the most difficult-to-treat cancers, through philanthropic support of scientific and medical research.

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared on the accrual basis of accounting, which recognizes revenue when earned and expenses when incurred. In 2009 the Hope Funds made a change to the accounting for payments to grantee institutions in respect of Fellowship Expenses in accordance with the provisions for Financial Accounting Standards Board SFAS No. 116, "Accounting for Contributions Received and Contributions Made". In prior periods these expenses were recorded at the time of disbursement. The Trustees of the Hope Funds have determined that with effect from January 1, 2009 such expenses will be recorded in full at the time the commitment is made with the grantee institution. This follows industry practice by the Hope Funds' peers, and, in the opinion of the Trustees, more correctly matches the expense with the net contributions generated to finance those expenses.

INCOME TAXES

The Hope Funds qualifies as a tax-exempt organization under Section 501(c) (3) of the Internal Revenue Code.

FINANCIAL STATEMENT PRESENTATION

The Hope Funds is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTD)

CONTRIBUTIONS

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Restricted net assets are reclassified to unrestricted net assets upon satisfaction of the time or purpose restrictions. However, if a restriction is fulfilled in the same time period in which the contribution is received, the organization reports the support as unrestricted.

ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

DONATED SERVICES

The Hope Funds recognizes revenues for certain donated professional services at the fair value of those services. The total amount recognized is listed under Contributions – Donated Services. The Hope Funds receives donated legal, accounting, design, website development and event planning services. In 2009 and 2010 the Hope Funds received donated services for all of those functions, but has only recorded the market value of professional services for legal and accounting activities. Since the Hope Funds is a volunteer organization, many individuals volunteer their time and perform a variety of professional and administrative tasks that greatly assist the Hope Funds perform its daily activities, grant-making, special events and fundraising. No amounts have been reflected in the financial statements since these donated services do not meet the criteria for recognition under SFAS No. 116, "Accounting for Contributions Received and Contributions Made".

NOTE 7 – REVENUE AND SUPPORT

The Hope Funds' major forms of support include direct contributions by individuals, corporations and foundations towards its Annual Fund and Special Events to raise funds for Fellowships as well as serving to honor luminaries in the field of cancer research, treatment and philanthropy.

NOTE 8 – SPECIAL EVENTS

Since its Inaugural Awards Gala in August 2007, the Hope Funds has held its Awards Gala annually. In 2008, 2009 and 2010 the Awards Gala was held at Marble House in Newport. In 2011 the Awards Gala will be held at the Union Club in New York City. The Awards Gala event is held to celebrate the Hope Funds' commitment to encourage innovative cancer treatment and early-stage detection for the most understudied and difficult to treat cancers. It also provides a forum for scientific discussion and presentations, and raises funds for future Fellowships. The events in 2009 and 2010 brought together nearly 200 trustees, advisors, scientists, physicians and friends of the Hope Funds for Cancer Research. In 2010 four distinguished individuals and one organization were honored for their collective achievements and commitments, while the postdoctoral Fellows presented their research findings.
